As Teacher's we learnt a lot from the workshop. Path known as alpha how it helps for the overall development of a child. Accelerating learning for all. How paring and Tina / ToTo can help in keeping the class engaged throughout.

L.S.R Technique's helps individual child to steadily progress. Kinesthetic activity, Numency box, value strips helps them understand the actual concept of Maths. Hi path emphasize's on Understanding and not memorizing.

Hi path has done a classroom revolution from teacher centered class to child centered. Panchkoshais and SDG helps the child to develop overall. Impact is so high that the child will always remember.
