

# THE SUMAN NIRMAL MINDA SCHOOL

Teacher - Manisha Nagar

Grade - 3 to 6

The session was very interactive. ALFA makes class very much interactive with daily Random Pairing so that each child will understand the concept of the chapter showcasing their way of thinking in front of the class. ALFA will also remove stage fear among the students. Students will feel a sense of belongingness by giving a high five or cheers between them. Role Play enactment will be fruitful for students. Students will develop many qualities through ALFA like Collaboration, leadership, Creative thinking, peer interaction. I will grade this session 9/10 as in Teacher's portfolio I felt like the excessive use of paper in it. ~~amazing~~.

I am excited too for taking this session according to ALFA

THANKU ! 😊
